The Vision

The Red Tail Ridge Wine Club, fondly named *The Nest Club*, is a celebration of friendship, hard work and personal touch. We specialize in small lot production – in some instances less than 30 cases. By becoming a Red Tail Ridge wine club member you will have access, and in some circumstances EXCLUSIVE access to limited release wines such as our unique 'Obscure Red Varietal Series'. This series of wines will include our experimental grape varieties originating from European cool climate regions like Austria, Germany, Hungary and Trentino Italy. Some of these unique and rather unusual wines may only be available through presale to our club members. By creating a Nest Club membership, you will be guaranteed VIP winery status, receive great membership perks, and be assured access to very tasty, unique Red Tail Ridge wines. All of these great benefits will definitely give you reason to cheer!

Membership Details:

**2 bottle shipments 4 times a year
